## 2021 COUNCIL

The Council, comprising the Management Committee and Club Delegates listed below, met on even numbered months to oversee the development and conduct of orienteering in South Australia. The Management Committee also met in the odd numbered months.

### Management Committee

President	Rob Tucker
Secretary	
Treasurer	Andrew Kennedy
Assistant Secretary	Fi Pahor
Technical Officer	Robin Uppill
Technical Officer (Mapping)	Adrian Uppill
Coaching Coordinator	Bridget Uppill
Schools Support Manager	Zita Sankauskas
Newsletter Editor	Frank Burden
Publicity and Promotion Officer	Olivia Sprod and Leila Henderson
IT Manager	Ken Thompson
MTBO Coordinator	Peter Mayer

### Club Delegates

Lincoln Orienteers	Bronwyn Saint
Onkaparinga Hills Orienteering Club	Simon Uppill and Al Sankauskas
Saltbush Orienteers	Ken Thompson
Tintookies Orienteers	Erica Diment and Geoff Bennett
Top End Orienteers	
Tjuringa Orienteers	Ben Cazzolato and Aylwin Lim
Warringa Orienteers	Jenny Casanova and Tyson Hillyard (Proxy Peter Kreminski)
Yalanga Orienteers	Gerry Velaitis and Leila Henderson

### Other Orienteering SA positions in 2021:

Web Administrators:	Robin Uppill, Ken Thompson and Mark Overton
State Selection Panel:	Bridget Uppill (Chair), Simon Uppill, Olivia Sprod
School Team Manager:	Bridget Uppill
Junior Arrows Coach/Manager	Bridget Uppill
Junior Arrows Asst. Coach	Simon Uppill
School Team Asst. Manager	Olivia Sprod
Southern Darts Coach:	Erica Diment
Southern Darts Deputy Coach	Zita Sankauskas
Southern Arrows Manager	Bridget Uppill
Southern Arrows Coach	Simon Uppill
AO Editorial Contact	Erica Diment
ENEWS Editor	Robyn Dose
Training Coordinator	Bridget Uppill
Visiting Coach	Evalin Brautigam
COVID Advisor	Peter Ashforth

## PRESIDENT'S REPORT 2021

This year has continued to be a challenge with COVID 19, especially considering changes in compliance requirements. OSA still recommends we follow SA Health guidelines, and in particular mask wearing at registration and finish areas.

Comprehensive details on all aspects of orienteering activities appear in this Report. We thank our US coach Evalin Brautigam for her work in running events and training sessions, and look forward to her return from the USA to continue the work later this year.

At the OSA presentations the very well deserving recipient of the John Hall Memorial Service Award was Alan Holland from Saltbush Orienteers. Congratulations to the Orienteer of the Year award winners, listed here in the Report. Course Planner of the Year was Tyson Hillyard for the Foot and MTBO courses at Belair NP. The Sue Millard Trophy was presented to the most improved junior orienteers: Gemma Burley and Remi Afnan.

We are indebted to the time and energy that members put into the sport every week as Controllers, Setters, Organisers and Coaches, the running of schools' clusters and many other activities. We also acknowledge the considerable time and rigor put into the mapping of areas for events and updating maps for changes in the landscape and standards.

In particular I would like to thank our Management Committee members; Fi Pahor - Secretary, Meredith Rasch - Assistant Secretary, Robin Uppill – a broad range of technical support and promotion, Andrew Kennedy – Treasurer, Bridget Uppill – Coaching, Leila Henderson– Newsletter Editor, Publicity and Promotion, Kay Haarsma and Peter Mayer – MTBO, Ken Thompson – IT Manager, and Zita Sankauskas – Schools Coordinator.

Listed on the inside cover are the many other people who play fundamental and important roles in the organisation of our sport. Then there are the club office bearers, and delegates to OSA Committee.

We continue to receive generous funding from the State and Federal Governments, and through Orienteering Australia.

**Rob Tucker - President**

## FINANCIAL REPORT 2021

Despite 2020 being an unprecedented year in so many ways that I don't need to elaborate on, the function of providing a Treasurer role for OSA didn't ease off. A total of 1,470 transactions were recorded across the books (down from 2,042), with a gross turnover of near \$270,000 for the year (up from \$210,000). The actual transaction numbers were considerably higher although with the use of Paypal and Poli for online pre-event entries the recorded transactions were compressed. I would stress that the ongoing preference is electronic payments as 2020 was the second straight year of zero cheques and zero cash requiring to be directly handled.

As at 31 December 2020, the cash reserves for the association stood at \$262,302. OSA recorded a small loss of \$2,399 for the 2020 year as we had a coach in residence for a longer period of time than was budgeted for, but as I'm sure everyone can agree the benefit certainly outweighed any minor associated cost.

It had been initially anticipated that 2020 would see the association run at a moderate loss as it expended monies from the 2019 surplus on projects such as mapping, permanent courses and new equipment purchases. As these were not undertaken to the degree forecast for obvious reasons, it should be considered that as these projected expenses come online in 2021 a deficit for the year will be recorded.

As the financial goal of the association is to provide an affordable family based activity, the focus on getting the balance right for membership and event fees remains the key deliverable and a work in constant review and process.

Personally I would like to thank Ken Thompson for making my role considerably easier with his attention to administrative matters such as Sports Vouchers, Schools registrations and Paypal. The committee were also very supportive of my sporadic attendance at meetings as I juggled my commitments outside of orienteering during these challenging times. Fortunately the incredibly hard work and commitment from the entire community in supporting the changing practises that were required this year helped make my small role operate smoothly.

2021 will present its own challenges as the number of events increases again and pre-entry and payments continues to grow and become the accepted normal. If I could stress that everyone add sufficient detail when making an online event payment that the work for the Treasurer would be significantly easier. And remember – no cash or cheques equals a happy Treasurer, as does appropriate details when supplying an invoice for payment or receipt.

Due to my commitments outside of orienteering I do not as yet have a 2021 budget for presentation, although will endeavour to work to produce one shortly.

**Andrew Kennedy - Treasurer**

## Balance Sheet as at 31 December 2021

## TECHNICAL REPORT 2021

Through 2021 orienteering events continued as planned for most of the year, other than a short interruption in late July – early August when a handful of events including training events were cancelled due to COVID restrictions.

### Events

All our major events were still able to be held in 2021 as scheduled. Due to COVID issues, these and all events continued to be pre-entry only.

Major Event	Location	Club	Controller
SA School Championships	Wadmore Park	TT	Peter Mayer
SA Sprint Championships	Roseworthy	WA	Aylwin Lim
SA Long Championships	Crooked Straight	OH	Jenny Casanova
SA Middle Championships	Paradise	TJ	Robin Uppill

The SA Long Championships were part of National League event, and part of 3 event weekend on the ANZAC Day Long Weekend with 2 National League events

Event	Location	Club	Planner	Controller
Middle Distance Race – also OSA OY event	Bunyip Reach	YA	Steve Cooper	Phil Hazell
Mass Start Loop Race	Crooked Straight	OH	Simon Uppill	Jenny Casanova
Sprint Event	Renmark Schools	TT	Lanita Steer	Jenny Casanova

This was a very successful weekend of events as some interstate orienteers entered the other age classes as well as the junior and senior NOL competitors in their classes.

The SA Club Relays were this year on an urban map and held at Trinity College.

Onkaparinga Hills participated on behalf of OSA at the Belair Hiking Expo held at Belair National Park on April 11th, offering 3 MapRun courses and a string course.

### Workshops and Technical Documents

Level 2 Controller Workshop was held in March with a small number of participants.

Minor updates to the OSA Course Specifications were made in late 2021.

Map Symbol sheets as PDFs are available on the OSA Web site at

<https://www.sa.orienteering.asn.au/about-us/technical-information>

- ISOM2017 – forest maps
- ISSprOM2019 – sprint maps
- Schools

### MapRun Courses and Project

Additional courses, both foot and MTBO, and including the 3 MapRun courses from the Belair Hiking Expo were added to the set of MapRun courses listed here -

<https://www.sa.orienteering.asn.au/about-orienteering/new-to-orienteering/mobile-orienteering>. OSA also received a grant of \$5000 from Orienteering Australia to support MapRun. The funds were used to pay for the development of MapRun courses and required mapping updates in 2020 – 21, the MapRun video on the web page as above, and 4 MapRun “Do In Your Own Time” events held in October – November (during a break in “face-to-face” events). As well as suburban maps, some rural courses were created at Riverton and Saddleworth.

### Mapping

The Adelaide Parklands mapping to sprint specifications was completed. This project has upgraded previous disconnected parklands maps to the Sprint Mapping Specification. The project started back

in 2016 when our first Coach in Residence, Stefano Raus, mapped Veale Gardens in the South Parklands. Since then a number of other mappers have contributed to the project – Manu Jurado, Oliver Williams, Max Grivell, Angus Haines, Dante Afnan and Adrian Uppill (who also coordinated the project). An extension west of the railway line and south of Port Road (Narnungga Urban Forest) was also added. Further extension to the Bowden area is planned.

Many school maps were also completed through the year, largely as part of the Sporting Schools Program. These were in both suburban and rural schools (Lower North, Fleurieu, Eyre Peninsula, Coober Pedy). Maps are done using the IOF Schools Mapping Symbol set (Sprint Specification with extra symbols). A map with locations of all school maps was created

([https://www.google.com.au/maps/d/viewer?mid=1-VoN07g1jr7YsE0vbK2DnvLoFp\\_4u7Qe&ll=-34.50532530114398%2C139.00299864999997&z=8](https://www.google.com.au/maps/d/viewer?mid=1-VoN07g1jr7YsE0vbK2DnvLoFp_4u7Qe&ll=-34.50532530114398%2C139.00299864999997&z=8))

### **Orienteering Australia Participation Project Grant**

A successful proposal was submitted to Orienteering Australia to support after school cluster events in 2022, and improve the numbers of juniors transitioning from these events to participation in junior squads and event on the main program. The main components and budget were

1. More coordinated marketing of After School Cluster events
2. Research on the transition of juniors from being exposed to in school orienteering (Sporting School) to After School Cluster events to events in the main OSA program and potentially become club members, and develop strategies to increase numbers of juniors making the transition, and potentially extending to other family members
3. Purchase of Additional SPORTident Equipment to support after school cluster events

**Robin Uppill – Technical Officer**

## NEWSLETTER REPORT - 2021

OSA newsletters were published as mobile/PC-friendly html webpages on the OSA website server in the first half of the months of March, June, September, and December 2021.

Several OSA members provided articles and photos for the newsletters. In addition to Rob Tucker (OSA President), who provided president's reports for each newsletter, significant articles with photos were provided by Robin Uppill (March, December - three articles), Kay Haarsma (March), Aylwin Lim (September, December), John Paterson (December), Zita Sankauskas (December - three articles), and Erica Diment (December - three articles). The December newsletter was exceptional for members' articles! **THANKS - KEEP IT UP, BUT CONTRIBUTIONS FROM OTHER MEMBERS WOULD BE WELCOME.**

A shortage or absence of member articles in earlier months resulted in me adding more articles based on information found in OSA committee minutes and web-based club newsletters, and in state, national and international articles, videos and photos. This information was summarised in articles that covered club (including Top End), state, national and international orienteering topics, as well as in health and fitness articles of relevance to orienteering.

Newsletters were downloaded 1463 times in 2021 (compared with 1374 in 2020 and 1266 in 2019) by readers in 36 (26 in 2020 and 40 in 2019) countries. Just over 74% (66% in 2020, 50% in 2019) of downloads were by readers in SA, or an average of 271 (228 in 2020 and 159 in 2019) per quarter. This number includes newsletters published in earlier years, which represented about a third of all downloads.

Some overseas newsletter downloads were probably by SA members and past coaches-in-residence, for example, now residing in or visiting Spain, Italy, and Sweden, SA club and casual memberships in 2021 were about 550, and school memberships were in the thousands. Some newsletter downloads were also by life members and past and/or retired orienteers who are no longer members of OSA. Even after allowing for these and the probability that some interstate and overseas downloads were by current OSA members, the number accessing the newsletter appears to be well down on current membership numbers. An email-based summary of the newsletter sent to the nearly 2,000 recipients of Enews, with links to individual newsletter articles, might encourage increased OSA readership.

There were just two newsletter downloads during 2021 in NT (presumably Top End members), which is significantly less than all other non-SA Australian states and territories, who downloaded newsletters a total of 245 times!

Newsletter download information was tracked using a few lines of code embedded at the beginning of each newsletter and which is sent from a reader's device and saved to and accessed in summary form from a Google account. This information, which is typical of that sent from a browser when downloading a webpage, includes approximate locations of readers by state and country, date and time of each download, number of times each newsletter is downloaded, and details of each reader's browser, operating system, and monitor size.

Requests for articles and photos, and notifications of newsletter publication, are by OSA's ENews, website, and Facebook page.

The December newsletter was my last as stand-in editor. I had been official editor since March 2018, and stand-in editor since March 2020.

Members' continued support providing articles and photos will be appreciated by future newsletter editors, but more would be welcomed.

**Frank Burden - Editor**

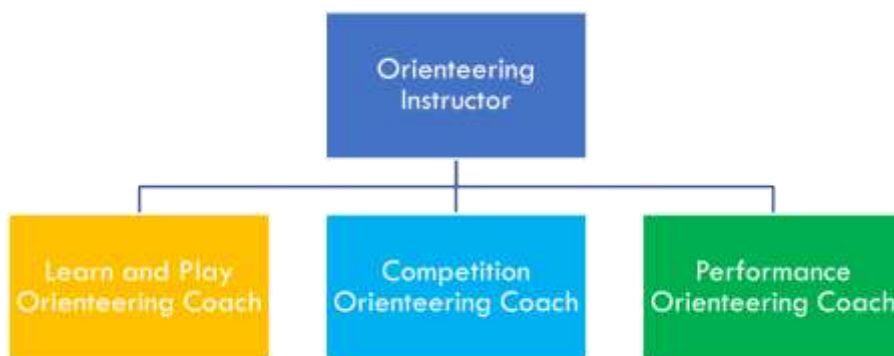

## COACHING and TRAINING REPORT 2021

In 2021 we had another big year in coaching with a big thanks to Evalin Brautigam, our coach in residence. Evalin successfully took over the role as Junior Arrows and Southern Arrows coach and pulled off another exciting junior arrows camp. Coaching activities with Evalin were held 2-3 times a week with focus on moderate to hard navigation skills and fitness skills.

In 2021 we also brought back the Southern Darts training days with 3 events over the winter period. We had on average 15- 20 new juniors at these events and a number of these juniors have now joined clubs.

In 2021 Orienteering Australia re-established the coaching accreditation which included renaming the of the levels and the way new coaches are accredited. This came into effect in 2022. The framework aligns with OA's strategic plan, and outlines a guide to foot orienteering coaching education, development and support in Australia. The following diagram represents the key areas that OA believes contribute to exceptional coaching practice. OA strives to work with state/territory organisations to continue to develop these areas in the future.

The coaching pathway is intended to track athlete development. The pathway now commences with "Orienteering Instructor", leading into 3 parallel courses that match coaches with the participants they work with:

In 2022 we will the coaching team will be focusing on two series of Southern Darts trainings as well as the Junior arrows training camp. We aim to also bring back the women's training day and start an adults training series.

### **Bridget Uppill - Coaching Coordinator**

## **MOUNTAIN BIKE ORIENTEERING 2021**

Last year all MTBO events were combined with foot events. By keeping the format consistent with all line courses or all score events for both disciplines, the events ran smoothly.

Each metro club organised one event, with special thanks to TJ doing the Champs as well as a normal event.

Entry numbers remain disappointing with an average of 19 per event. In 2020 we only had 3 events due to Covid but averaged 25 per event.

We need to encourage one of the competitive riders to take on the publicity to boost numbers.

Increased access fees by Forestry SA undermine our efforts to promote healthy outdoor activity. It runs counter to the SA Government giving grants for associations and commercial operators to promote participation.

### **Peter Mayer – MTBO Representative**

## PUBLICITY and PROMOTION REPORT 2021

### Purpose

To increase visibility and awareness of orienteering by promoting the sport at all levels to a wide yet targeted potential audience.

### Activities

**General:** Marketing personnel from each state and territory met via Zoom to share marketing thoughts and ideas, with common challenges being resources and retention of volunteers.

**Social Media:** During the year we were able to increase the number of visits and followers to our social media assets. As a general comment, the more personal the post, the more likes and shares it receives.

- The Instagram page has grown to 781 followers, up from 143 over the year, driven by an increase in posts, themed across events such as Twilight and Sprint.
- Facebook visits are up 22% to 3,847 for calendar year 2021.
- Followers have grown slightly with the following breakdown of likes by age and gender. This reflects the general FB audience.

## Marketing Collateral

There has been a steady production of marketing posts and flyers to support events and activities. These materials are designed as templates so that they can be easily modified for future needs. It is difficult to directly correlate marketing activities with any increase/decrease in the number of people attending events or joining as members. There may be external factors at play, for example weather and a desire to get outdoors more post-Covid.

1. **MTBO Maprun Flyer** for Belair Golf Course, distributed via EscapeGoat and selected bike shops by Adrian Uppill.
2. **City to Bay Fun Run:** an advertisement was created but may be used again next year as the event was cancelled due to Covid.
3. **MapRun Springtime Series** Launch Flyer: A double-sided flyer was prepared to explain the MapRun process and launch the Spring MapRun program. No stats are available on uptake of the program, but promotional activity should increase as more courses are launched.
4. **Newcomers Brochure:** A 6-page gatefold DL brochure was prepared in time for the summer season to introduce newcomers or regenerate previous interest in the sport across the spectrum from families and adults to schools, mountain-bikers and rogainers. It's hoped that this brochure will have longevity as it can be easily modified and reprinted as needed.
5. **Strategic Plan 2022-2024 Summary:** a summary and web page were created based on the comprehensive Strategic Plan. The 2022 goal is to promote the plan more widely in the SAO Newsletter and by other means.
6. **Media & PR:** the **Mid-North School Championships** attracted media attention from the **Plains Producer**, opening the opportunity for the schools coordinator to build on that relationship, which increases awareness of the sport among regional families and schools. **Radio 5AA interview:** Zita Sankauskas featured in a 20 minute segment with Kerrie Akkermans over the Christmas break.
7. **Summer Series and Twilight Series** flyers were produced and well received, with both Series attracting good participation rates of 100+ on occasion.

## Looking ahead

- Interaction by our members on Facebook remains fairly low. This may be because the OSA Page does not accept posts by followers of the Page, due to lack of resources for moderating content. Engagement would increase if members could contribute directly.
- Feedback from our elite orienteers is that they want to increase social activities to build on existing camaraderie, with the aim to retain more orienteers even after the elite days are over, eg among young parents and adults from 25-35 in particular.
- Note that marketing flyers and posts are available to all orienteers to share with friends and family, building an even stronger orienteering community and a sustainable future for the sport.

***Footnote:** A special thank you to photographer Evalin Brautigam for her contribution to our collateral and to Max Grivell for zeroing in on the images to use. ##*

## Leila Henderson - Publicity & Promotions Officer

*Leila took the reins from Olivia Sprod in August 2021. Olivia contributed an enormous amount of her time and energy to the role in 2021 and previous years.*

## SCHOOLS REPORT 2021

### 1) Sporting Schools COMMISSIONED PROJECT:

2021 saw the implementation of the **Orienteering Australia – Sporting Schools PROJECT**.

It developed a uniform Australian orienteering school curriculum and lesson plans for teachers to use. The new online delivery guide for PRIMARY years 3+4 was called *EXPLORE Orienteering, for year 5+6 - LEARN Orienteering and the year 7+8 classes - Secondary Schools Orienteering*. This was launched in MAY.

Teachers had a new menu to select from, with the choice of teachers doing their own delivery, or coaches coming in to run sessions. Then there was a new add on section, where teachers could choose from: having a school map done, purchasing orienteering equipment, or gaining level O coaching professional development (PD) delivered. SA also set up a new SA equipment kit for teachers to order for \$330 with 22 corflute punches, including start and finish, 20 punches, and 10x A4 map zip lock-bags, and 10x A5 description slip ziplock bags.

### 2) SPORTING SCHOOLS:

**Term 1** had 4 Sporting Schools applications for orienteering in schools.

Rose Park, Manoora PS, Hackham East PS and Trinity Gardens. Orienteering was being conducted in schools to over 400 students through Sporting Schools.

**Term 2** saw 10 Sporting Schools applications for orienteering in schools.

This is the most we have ever had. A direct result from the release this term of the new Sporting Schools Delivery Guides for both Primary and Secondary schools, and the introduction of Secondary schools grants for year 7+8 students.

Schools were: Walkerville PS, Burnside PS, Woodside PS, Annesley Junior College, Warriappendi School, Seaview College -Port Augusta, Upper Sturt PS, Tyndale School – Strathalbyn, Tumbly Bay Area School – near Port Lincoln, and Roma Mitchell Secondary School.

Coaching was delivered by Evalin, as well as Zita and Al: new maps were done by Ken, Aylwin, Adrian and Kevin Vigar. Most schools chose teacher professional development sessions and o equipment.

Orienteering was conducted in schools to over 1, 223 students this term through Sporting Schools.

**Term 3** saw another 10 Sporting Schools applications for orienteering in schools.

It is the second term in a row that we have had record schools apply for orienteering through Sporting School grants. In 6 schools, the program was delivered by the PE teacher, whilst the other 4 had coach supplied by O SA, with most selecting equipment and level O teacher PD.

Schools were Pinnacle College, Mimili Anagu School, Riverton + District HS, Brahma Lodge PS, Mt Compass Area School, Coober Pedy Area School – PS and HS, The Heights School, Northfield PS, Balaklava HS.

2,416 students had orienteering lessons, of which 1,596 were primary students, and 820 – secondary.

Coaching sessions were done by Evalin, with new maps by David George, Adrian, Ken, Angus Haynes and Evalin. Robin Uppill took over the Schools Coordinator position whilst Zita was away travelling. Special thanks to Robin for maintaining the program during this term.

One other school undertook orienteering training – Heathfield HS, but for Outdoor Ed students in year 10, so not through Sporting Schools grants. They had coaches – Zita, Al and David at Woorabinda Reserve.

In **term 4**, we had 7 Sporting Schools applications for orienteering in schools.

In 4 of these schools, the program was delivered by the PE teacher, and the other 3 had coach supplied by O SA, with equipment and level O teacher PD selected by mostly all.

Schools were: Minlaton Area School, Cummins Area School – near Pt Lincoln, Tatachilla Lutheran School, Christies Downs PS, Lobethal Lutheran College, Goodwood PS and Jamestown Community School. Coaching done by Evalin, Zita and Al, with new maps by Adrian, Kevin Vigar and Evalin, plus a map upgrade by Paul Hoopman.

Orienteering was conducted in schools to over 600 students during this term through Sporting Schools. Great to see more country schools applying for grants, getting maps done with more students having access to orienteering.

### 3) CLUB CONNECT:

A new **Club Connect grants** was offered late last year to schools, in conjunction with Sport Australia, Sporting Schools and local government councils – to do afterschool orienteering. The aim was to direct students from school orienteering, towards afterschool participation, and then to be directed to join sport clubs. Trial offers were for schools in the Onkaparinga, TT Gully and Charles Sturt council areas at this stage only. Problem was that the schools had to **apply and oversee** the afterschool program. So, there were only minimal enquiries, and we perceived we would have to raise teacher support to get it happening.

We had one school in term 4 accept a grant for \$5000– Hackham East PS. They were able to purchase a small school SI kit with 10 controls and 30 SI sticks. They also had funding to have afterschool orienteering supplied by O SA for the rest of the term, which was done by Evalin.

### 4) AFTERSCHOOL TRAINING CLUSTERS:

This was very successful again this year. Our Central Adelaide afterschool cluster, was run by Aylwin, with helpers from O SA. They had 10 training dates in term 1 and 2, with high regular numbers, often in the 30s. Students from many metropolitan schools were directed to attend. Some schools also had regular newsletter features.

Other clusters started in term 2, with 4 weeks of afterschool training sessions at: Stirling East PS, (Final at Woorabinda) run by Patsy and her girls, Hawthorndene PS (Final at Belair NP) – run by Lexi, Fern and Robin and Echunga PS – run by Zita, Al, Dianne and Colin. It was really great to have significant numbers turning up to each event. All sessions were put up into Eventor.

These afterschool training sessions had a direct effect when on placegetter in the SA Champs. Unfortunately, the Southern Cluster, which aimed at afterschool training in nearby park areas, wasn't successful this time around.

All the afterschool training sessions culminated in the **SA Schools Orienteering Champs**, which was held on Monday 24/5 at Wadmore Park. This was a very successful event, with Fi Pahor the coordinator. Event secretary was Ken Thompson, who was kept very busy. Course setter was Phil Hazell, and Controller – Peter Mayer. The IT area was manned by Ken and Al. Zita supervised the schools area, with Aylwin. It was a very successful day, with over 200 students entered to participate. Teachers and students had access to LIVE results, thanks to David George. Presentations weren't held at the event, and winning students had their certificates emailed to them. The winning schools were **Primary section:** 1) Woodside PS 2) Linden Park PS 3) Hawthorndene PS. **Secondary section:** 1) Heathfield HS 2) Glenunga HS 3) Marryatville HS.

More afterschool training sessions were held in the lead-up to the SA Schools Orienteering Relays in term 3 and in term 4 by the Central Adelaide Afterschool Cluster. They had large numbers attend and utilized many of the maps from the Adelaide City parklands. Great to have such a successful ongoing training session for our young primary age students to attend. Thanks go to Alywin for his coordination, Ben Cazzolato and the many helpers who regularly attended.

**Term 3 SA Schools Orienteering Relays** were held at SE PARKLANDS on Friday 20<sup>th</sup> August 2021. This was successfully organised by Clive and Marion Arthur, with assistance from David Tilbrook and Ken Thompson.

Three competition divisions were:

Primary Girls and Boys, 2.3km (20-30 minutes) Very easy navigation.

Winners in Primary Girls: Stirling East PS, Primary Boys: Hawthorndene PS

Junior High Girls and Boys, 3km (25 – 35 minutes) Easy navigation.

Winners in Junior High Girls: Unley HS, Junior High Boys: Glenunga HS

Senior High Girls and Boys (year 10-12) 3.9km (30 – 40 minutes) Moderate navigation  
Winners in Senior High Girls: Heathfield HS Senior High Boys: Adelaide HS

#### 5) **MID- NORTH CLUSTER:**

The Mid- North afterschool training cluster started in term 1 and continued through term 2. This was set up in the Mid- North country area, around the Clare Valley and extending to Balaklava and Kadina. It comprised of schools that had previous Sporting Schools coaching, as a means to have local orienteering afterschool training sessions set up, with parents driving students to various schools. All the 10 participating schools had the opportunity to run one afterschool cluster training from their school each term and most accepted.

Numbers improved as this term went by, growing to over 20 regularly. We had 28 students at Auburn and 26 at Manoora, with students from 4 other schools attending the host school. A very keen number of students, including Junior Primary, were enjoying orienteering and attending regularly. Many schools needed O SA support to do the course setting and running of the sessions. Zita and Al were called out many times to assist, and we are hoping that eventually the schools will be able to run the sessions themselves.

This all was a lead up to the first ever **Mid- North Schools Orienteering Championships**, that was held at Balaklava PS / HS on June 4<sup>th</sup>. Most schools opted in, with various degrees of assistance needed from us. We had 118 students attend from 5 schools. The schools that attended were Balaklava PS and Balaklava HS, and the small primary schools of Manoora, Watervale and Saddleworth. We had a clash with SAPSASA Netball and Football in the metropolitan area which affected some of the schools attending, but still had enough numbers to have a good competition. Thanks to support from a large group of O SA members, who came to set up and run the day. The computer set up was by Colin, Trevor and Al, Starts by Craig Colwell and Clive, Finish by Erica, Rego by Fi and Marion, school supervision by Aylwin, maps by Adrian, and event coordination by Zita. Leila's press release on the day meant that the Local Plain's Producer newspaper reporter turned up to take photos, and we received press coverage and promotion of orienteering in a later edition. Thanks Leila.

-----

**Overall, 2021 was a very successful year for orienteering in schools, despite of COVID causing some school lockdowns.**

**I would personally like to acknowledge our resident SA coach Evalin Brautigam, who was a great Sporting Schools coach in 2021. She coached in many schools during the three years she has been in Adelaide, and taught thousands of students. She ran effective PD sessions for teachers and staff, and also turned her hand to mapping schools. We wish her a safe return home.**

**Zita Sankauskas - Orienteering SA Schools Coordinator 2021**

## **SOUTHERN ARROWS REPORT 2021**

Attendance

Ballarat- 12 Arrows

Easter- 13

Renmark- 21

Broulee- 10

Two Southern Arrows did really well, with a 2nd place overall NOL finish for Emily Sorensen in W20 and 3rd for Olivia Sprod in W21. The junior women also won the team NOL and the senior women were 3rd.

There was bush training leading up to most NOL events specifically for Arrows, which had average attendance.

In 2022, we would like to have more attendance at NOL events, and hopefully top performances in each age category. Many Arrows have started interval training with a quicker running group, so the improvement in speed combined with orienteering training should improve performance.

**Evalin Brautigam - Coach**

# INFORMATION TECHNOLOGY REPORT 2021

## 1. Club Numbers (number of individuals)

### Club Members Summary of All types

Club	2021	2020	Change	New	Lapsed

### School Members 2021

School	Enrol	Club
Heathfield HS	832	OH
Wirreanda SC	905	TJ
Blackforest	490	TJ
Blackfriars Priory	850	TJ
Goodwood PS	393	TJ
East Adelaide School	734	TJ
Colonel Light Gardens	741	TJ
Woodside PS	250	TT

Total = 5195

A good year in spite of COVID with total members increasing by 9 compared to last year.

2. **Casual Registrations:** We currently have 156 casual registrations. (ie Casuals SA ) compared to 82 last year. Most of these have registered themselves. When registering in Eventor now a new person has to either join a club or Casuals SA. This has made it a lot easier dealing with non member pre entries.

3. **ENEWS Database** We send out ENEWS to 1 877 subscribers compared to 1737 in 2020

4. **Event Participation** An excellent year with increased participation in almost all categories
