

Mt Laura Hills event 29th April 2018

Last Sunday was the first Bush event for the Orienteering season, held in perfect conditions with a light breeze blowing to help cool the faster runners. Of the 46 people who came out for a day in the bush, nearly half were children. The George family from Adelaide (Tintookies Orienteering Club) had been holidaying in the Gawler Ranges and dropped in for the competition on their way home to sample our neighbourhood topography. Both teenagers (Joanna and Abigail) are members of the elite Southern Arrows group showing that they truly are in the elite group with Joanna (15) running the fastest in the challenging course 1.
