

TINTOOKIES UPDATE

1. Congratulations

- To Joanna George on her performance in the 2019 JWOC team competing in Europe and to Abigail George on her performance in the Bushrangers team which travelled to NZ in June 2019 to compete against the NZ Pine Stars. We hope to hear more from Joanna and Abigail about their experiences (any contributions would be gratefully received by your newsletter editor)
- To the Tintookies members selected in the SA State Junior Team, (in no particular order), Joanna George, Abigail George, Jack Marschall, Max Grivell and Jemima Lloyd. We also congratulate Sienna White, a member of Lincoln Orienteers who has been selected in the team.

2. UPCOMING EVENTS

Tintookies have 2 upcoming events, Mulga Valley on 18 August 2019 and North Adelaide on 1 September 2019. If you can help at either or both of these events, please contact the organisers and/or Fi.

3. Bone Seed Pull

Please keep Sunday 11 August 2019 free. This is a great opportunity for a social catchup as well as the Bone seed pull. Further information will follow on this shortly.

4. SAVE THE DATE - Club Relays 20 October 2019

Ask your friends as well! Numbers matter in this event!

5. TINTOOKIES WEBSITE

Just a reminder that Tintookies have a website; sa.orienteering.asn.au/clubs/tintookies. We are looking at posting more articles directly to this website in the future so check it out!

6. ROCK OYSTER

The Rock Oyster weekend was enjoyed by all who attended. Highlights were the challenging but interesting courses set by David George, the camp fire and the lack of rain (and wind) overnight for the campers. There were a significant number of overnight campers lured by the prospect of night orienteering and the provision of an evening meal by the Junior Arrows parents. The weather on Sunday was challenging and cold so the camp fire and a steady supply of toasted sandwiches were appreciated by all.

7. NATIONALS 28 September to 6 October 2019

The entry deadline is approaching. Go to oceania2019.orienteering.asn.au for all information

8. NEXT Committee MEETING TUESDAY 23 July 2019
