

Short O Champs - Mt Crawford

26 April 1999

Fromm's Hut in the central western side of this familiar pine-forested area once again provided excellent start and finish facilities for a well-attended event on this mostly overcast Anzac Day Holiday. Thus the conditions were a significant contrast to the previous day's glorious sunshine in flatter conditions at the adjacent Mt. Pleasant map. A few misty drops of precipitation were noticed once or twice in the latter part of the proceedings. A succession of mass starts, and the double-loop (first loop finish passing through the finish area) nature of most courses, added interest to the proceedings! Thanks to course setter Vincent Loye, and all of his helpers on the day. There was a considerable number of enter on the day (EOD) participants, and for the sake of easy time comparisons I have included these results at the end of each course's official results, maybe inspiring some of the EOD competitors to be official championship entrants at a future time! Also of note is the virtually complete lack of M/W21 entries (thanks for coming, Reuben!)
