

BLOOD AND THUNDER GULLY CLUB RELAYS

Sunday 8 October 2000

Perfect spring weather was the scenario after a so-so forecast, the north-west section of the map contained the assembly location, and the event was clearly very well enjoyed in a picnic atmosphere. Robin Uppill did an great job as organiser and announcer, and the 2-runner/2-legs-each event-style seemed most popular. Thanks to Peter Taylor also as event controller, all the OHOC helpers on the day, and especially non-OHOC ad hoc helpers Steve Williams, Jeffa Lyon and Nola Jackson. There was some confusion with the "1.1/2.1/1.2/2.2" notation (runner 1 does leg 1, then runner 2 does the same leg, then runner 1 does leg 2, then runner 2 does that leg also), despite good signage explaining it, and further explanation by Robin at the briefing. I presume people are used to studying and reading books wherein the order of chapter subparts would be 1.1, 1.2, 2.1 and 2.2! Anyway, it all added to the fun of the day! Certificates were awarded to the first 3 teams in each group. Members of each team could be chosen from any of the stated age classes for that group.

Colin Dodd.

In the results below, the runners are listed in the order they ran: ie, person 1 ran first and third, and person 2 ran second and fourth. In Group 9, each runner only had to do one leg.
