Another good year with 52 teams entered. Noticeably there were more secondary teams than primary for the first time and at least 5 in every class and teams from several schools not represented before, especially Pulteney with quite a few teams. Pembroke went away with 3 of the enlarged shields (all the earlier spaces having been used up), Marrayville hung on to the Senior Boys shield and Glenunga and North Adelaide won shields too. Black Forest and East Adelaide were in the places--- some of the times were very close. It was a picturesque setting ,last used 5 years ago. Venturing into the streets to the North and East meant that the Pink Hats were more concerned with road safety than with rescuing lost runners! There were few DNFs but a couple of runners failed to report in to the Finish...the adults with them obviously they were back!

At the Presentations the entire SA Schools Team were displayed in their striking red uniforms and you can name them by looking at the result times: all their training made their times outstanding!

A particular Thank You to Sue Bament and Sue Van de Loo who stepped in to do all the (non-electronic) time calculation when Colin Dodd phoned in sick.

Next year, the Relays will be on the previous Friday (not Show Week) in the Athelstone area once again where we will really see who has potential to go further as in the Relays there is less scope for following as you don't know who has just the same course as you do!

See you there.
